

AGENDA ITEM 7 A
Action Item

MEMORANDUM

DATE: February 5, 2009

TO: El Dorado County Transit Authority

FROM: Mindy Jackson, Executive Director 
Julie Petersen, Fiscal Administration Manager 

SUBJECT: Fiscal Year 2008/09 Mid-Year Operating Budget
Adjustments

REQUESTED ACTION:
BY MOTION,

1. Accept Fiscal Year 2008/09 Mid-Year Operating Budget Adjustment Report
2. Authorize Executive Director to Reduce Contingency fund by \$486,388 to offset Revenue Accounts

BACKGROUND

The Proposed Fiscal Year 2008/09 Mid-Year Adjusted Operating Budget is presented to consider the status of the El Dorado County Transit Authority's (El Dorado Transit) budget at the six (6) month closing. Section 8.9 of the Joint Exercise of Powers Agreement of the El Dorado County Transit Authority states that the Executive Director has the power "to execute transfers within major budget units, as long as the total expenditures of each major budget unit remain unchanged." This year's Mid-Year adjustments include overall decreases in both Revenue and Expense Accounts, with a \$486,388 budget reduction in the Contingency account. This reduction is required, most notably, due to the loss of State Transit Assistance (STA) funds. This income is derived from local sales tax on fuel and is a component of the Transportation Development Act (TDA). The California State Legislature released only first quarter funds. All recent State budget proposals include elimination of the STA program for transit. The Local Transportation Fund (LTF), which is derived from a ¼ cent of the general sales tax collected statewide, is labeled as Transportation Development Act (TDA) in the El Dorado Transit budget. The initial projection of available TDA/LTF funds for El Dorado County is prepared by the El Dorado County Auditor. FY 2008/09 Mid-Year budget report shows that the initial projection remains static. Federal Transit Administration (FTA) Section 5307 funds are reduced to reallocate of \$100,000 into capital projects. All requested adjustments are outlined in the discussion portion of this report.

- Account 5010.00 Regular Employees: Decrease based on the suspension of two (2) allocated but unfilled positions. These positions will remain on the El Dorado Transit allocation table but will be unfunded through the budget process. Future action to fund and fill these positions will be brought before the Board for approval. Additional reduction based on the retirement of several long term employees paid at higher salary rates.
- Account 5020.07 Overtime: Decrease is based on six (6) months actual by implementation of stringent policy oversight.
- Account 5010.08 Stand By Pay: Decrease is based on first six (6) months actual by elimination of on-call mechanic for weekend periods.
- Account 5020.01 Employee Retirement: Decrease based on six (6) month actual and reduction in the Regular Employee salary line item.
- Account 5070.02 Medicare Payroll Tax: Increase based on six (6) month actual.
- Account 5020.02 Health Insurance: Original budget number was held at the FY 2007/08 budget amount. Increase based on six (6) month actual expenses.
- Account 5020.03 Unemployment Insurance: Increase is based on first six (6) months actual. This account is a reimbursable account based on actual costs.
- Account 5020.05 Workers Compensation Insurance: Decrease is based on reduction of payroll expenses and first six (6) month actual premiums.

Service and Supply Accounts Net change is a decrease of \$572,577 in expenses

The adjustments in each line item presented, are based on actual costs for the first six (6) months of fiscal year 2008/09 and a projection for the remaining six (6) months. El Dorado Transit staff has been aggressively working towards an overall reduction in costs as of the last quarter of fiscal year 2007/08.

- Account 5090.05 Uniforms - Other: Decrease based on first six (6) month actual having purchased the bulk of needed items at the beginning of the fiscal year for quantity pricing breaks.
- Account 5050.01 Communications - Phone: Decrease based on first six (6) month actual with additional savings anticipated from the recently negotiated CALNET II contract effective 12/03/08.
- Account 5060.01 Insurance Premiums/Public Liability: Increase is based on actual premium.
- Account 5060.02 Insurance Premiums/Physical Damage: Decrease is based on actual premium.
- Account 5060.03 Insurance Premiums/Commercial Property: Decrease is based on actual premium.
- Account 5160.07 Service Contracts/Equipment: Increase based on first six (6) month actual, capital projects implemented midway last fiscal year increased this account with premiums now incurred for full fiscal period.
- Account 5160.07 Park and Ride Maintenance: Decrease based on first six (6) month actual with deferral of planned cost-sharing projects.

- Account 5160.01 Maintenance Buildings: Decrease based on first six (6) month actual.
- Account 5090.80 Office Expenses: Decrease based on first six month actual with stricter purchasing controls set in place.
- Account 5090.80 Postage: Decrease based on first six (6) month actual.
- Account 5030.00 Professional Services: Decrease based on first six (6) month actual and diminished commercial and residential development.
- Account 5030.02 Background Checks: Decrease based on first six month actual and reduction of new hires.
- Account 5090.08: Publications and Legal Notices: Decrease based on reduction in publications and costs associated with Human Resources requirements.
- Account 5090.75 Printing: Increase based on first six (6) month actual and anticipated cost for fare increase requiring new printed fare media.
- Account 5120.03 Rents/Leases Park and Rides: Decrease based on first six (6) month actual with planned cost-sharing projects stalled.
- Account 5150.00 Special Department: Increase based on six (6) month actual.
- Account 5150.01 Marketing: Decrease based on deferring planned projects in anticipation of funding loss. Costs associated with proposed fare increase will be charged to this account.
- Account 4108.00 Apple Hill Grant: Based on actual costs for Shuttle 2008.
- Account 6270.00 Contingency: Decrease includes loss of revenue from STA and other funds.

FISCAL IMPACT

The loss of STA program receipts has had a major impact to the El Dorado Transit Fiscal Year 2008/09 budget. The reduction of \$835,416 in the revised budget reflects a 12.7% decline from the original operating budget approved on June 5, 2008.

El Dorado Transit is a joint powers agency and as such is not a general fund recipient from member agency's - County of El Dorado and City of Placerville and does not draw funding from the general funds of either member agency. Further revenue deduction may require El Dorado Transit to access agency reserve funds or reduce service.
