

## **RIDER ALERT!**

It has come to our attention that a \$100 commuter scrip book, sold prior to February 18, 2010 through a sales outlet, was produced with two (2) tickets missing, due to a manufacturer's error in the bindery process. El Dorado Transit is actively working to ensure that the remaining, unsold stock of commuter scrip books contain the correct quantity of tickets. El Dorado Transit staff will work with passengers and distributors to correct any discrepancies in their existing stock as quickly as possible. El Dorado Transit encourages passengers and distributors that have \$100 commuter scrip ticket books, distributed prior to February 18, 2010, to verify that they contain the correct number of tickets. If any discrepancies are found, please report them immediately to the following staff by phone or email:
